RADIO SYSTEMS

SMART Technology.
Safety. Simplicity. Convenience.

With more built-in protections, more plug and play functions, plus the ability to provide real-time telemetry without the clutter and cost of additional cords and components, Spektrum products using innovative Smart Technology are the smartest choice for every RC modeler.

DX6C 6-Channel DSMR Transmitter

The DX6C is the perfect savvy solution for bashers, boaters and scalers who want a staggering list of advanced features that includes the virtually unlimited possibilities 6-channel control offers.

SPM6125 - with SR315 Receiver
SPM6125 - Transmitter Only

NEW DX6 Rugged 6-Channel DSMR Transmitter with SR515 Receiver

The Spektrum DX6 Rugged 6-channel surface system redefines radio control with unmatched innovation in durability that no off-roader, basher, or boater will want to be without.

Features:

- Advanced programming features, with new Tap User Interface Panel
- All-new backlit LED Display makes it easier to see your screen in day or night
- Surrounded rubber-bumper chassis protection
- Innovative thumb-steering lever makes one-hand operation safer and more precise

DX5 Pro 5-Channel DSMR Transmitter Only

Now ready to support the connectivity advantages of Smart Technology out of the box, the Spektrum DX5 Pro DSMR also includes design and ergonomic improvements to give racers, bashers and boaters top-of-the-line features at an affordable price.

Features:

- Smart Technology compatible out of the box
- Five fully proportional channels
- Multiple mixing setups including Motor on Axle (MOA)
- Upgraded RF Module for stronger signal and improved output power
- 5.5-Millisecond frame rate with compatible receivers

CHARGERS & BATTERIES

The Spektrum Smart Powerstage Bundle is a one-box solution for surface vehicles
